WYGANTDROWNING AN ACCIDENT

Authorities Believe Ladetown Man Died in Preventing Sister's Suicide
—Feet Stuck in Mud and Top of Head Was Out of Water.
While not completing his investigation as to the drowning of Augustus Wygant, at Ladetown, a hamlet near Marlborough village, Wednesday night, an item regarding which was printed in The Freeman Thursday evening, Assistant District Attorney J. DePay Hasbrouck, who visited the scene Thursday with Coroner Sutter, and questioned the people, is inclined to believe no crime was committed and that the drowning was accidental. Mr. Wygant was 54 years of age and lived with a sister, Elizabeth, aged 62 years, who was not of entirely sound mind. Some time Wednesday afternoon or evening she went away from the house to what is known as Conners's pond, and it is thought she waded out into the water with the intention of committing suicide, and the brother followed her and prevented her from drowning by lifting her into a row boat. He, becoming exhausted, was unable to get into the boat or ashore and was drowned. She was found by neighbors sitting in the boat and Augustus standing in the pond, dead. His feet sunk into the mud bottom of the pond, the water being not over the top of his forehead. As was stated in The Freeman, Mr. Wygant had sold his farm, and it was feared that murder had been committed as no money was found. Assistant District Attorney Hasbrouck learned that the property had been sold for \$5,000 and that Mr. Wygant had deposited \$500 to the credit of his sister, but owing to the absence of John Ball, the attorney who had been employed by the Wygants in the sale of the property, he was unable to ascertain how much cash had been received by Mr. Wygant and how much remained on bond and mortgage.

A. F. OF L. WILL CONFER WITH WILSON TODAY

By Telegraph to The Freeman.
Washington, Aug. 29.—The labor situation held the center of the nation's stage throughout today.
Samuel Gompers, veteran head of the American Federation of Labor, and his associates on the executive board of that organization, worked out in their carefully secluded offices a general plan of action designed to meet the crisis developing in various vocations. Railway Director Hines and his lieutenants calmly worked out their scheme of breaking the Pacific coast railway strike commencing tomorrow morning, unless the strikers accept their ultimatum and return to work. In his study in the White House the president went over the reports from the labor department dealing with strikes and threatened strikes in every section of the country.
The president and the American Federation officials were to confer during the afternoon, commencing at 3 o'clock. Originally the president planned to meet only Gompers, who had hurried back from Europe because of the grave unrest prevailing in the ranks of organized labor in the United States. However, the veteran leader asked the president to meet the executive committee and "talk things over with them" and word was sent back that all would be welcome.
Officials and labor leaders refused to discuss the conference prior to its assembling. It was made plain that the labor leaders were anxious that no action be taken which might embarrass them when they met the president and as always, the president was to be his own spokesman and had taken none of his lieutenants into his confidence regarding plans of procedure.

LIEUT. ADAMS COMPLETES RACE

Was One of the 27 of 50 Fliers to Finish Air Derby—Eight Definitely Out of Contest Because of Accidents in Landing—Finish Tonight.
Twenty-seven of the fifty actual starters in the New York-Toronto air derby had finished their race Thursday night. Eight are known definitely to be out of the race, due in most part to landing accidents in bad weather. Only one injury of any import has been reported, and when the race closes at midnight tonight, with five more men probably finished, it will mark the end of a sporting event which has been seen by more people probably than any other in the world's history.
Lieut. Ben Adams of Pine Street is one of those who have completed the air race. He used a DH-4 type of airplane. He left Mineola flying field at 12:31 p. m. Tuesday, and completed the race on Wednesday at 7:55 p. m.
The termination of the winner is still a doubt. Officials of the American Flying Club still lacked data from which to compile the flying time of any of the men.

REJECT WHOLE TREATY SAYS KNOX

By Telegraph to The Freeman.
Washington, Aug. 29.—Complete rejection of the treaty of Versailles was urged by Senator Knox, of Pennsylvania, a Republican member of the senate foreign relations committee, and a former secretary of state and attorney general, in the senate this afternoon.
"The more I consider this treaty the more I am convinced that the only safe way for us to deal with it is to decline for us to be a party to it at all," Senator Knox said. "I think we should renounce in favor of Germany any and all claims for indemnity because of the war and see that she gets credit for what we renounce, as indeed she should for the value of all she gives up as against a fixed and ample indemnity."
"I agree with the president when he says the indemnity should have been a fixed amount. We ought to renounce all participations or membership in commissions, committees, boards or otherwise provided for in the treaty in aid of its execution to which by its terms we are parties. We ought not to accept cessions of German territory. We ought to declare a general policy to regard with concern any threat of disturbance of general world peace, but at the same time we should reserve complete liberty of action either independently or in conjunction with other powers in taking such steps as we determine wise for preserving the peace. We ought then to carry out the spirit of the act of 1916, which authorized the president to convene the nations of the world together to establish a code of international law, reduce armaments, to establish an international tribunal and go as far as possible in the direction of securing peace through justice, through a league to which all the world are parties in information. This would be a fitting, generous and dignified exit from a situation in which primarily we had no direct concern."
"It is indeed a hard and cruel peace that this treaty stipulates and I have no objections to its being so, but I see no reason why we, who do not partake in its spoils, should become parties to its harshness and cruelty. I see no reason why we should be parties to imposing upon Germany a treaty whose terms our negotiators say she will not be able to meet; a treaty that robs our ancient friend, China, in a way disapproved by our negotiators; a treaty that lays the foundation for centuries of bloodshed into which we should not be drawn; a treaty that, contrary to our judgment, fails to fix the amount of indemnity to be paid, leaving that question to the whim of a majority of a commission upon the assertion that a strikers and helplessness would require our counsel and support but leaves to the beneficiaries the decision as to what the measure and character of what benefits they are to receive; a treaty with ominous words promises our involvement in the eruptions of unprovoked violence world wide; a treaty that would require us to underwrite all the national understandings between nations recognized by the league, most of which are based upon oppression of weaker nations, many of which are as yet unborn and undreamed of when the treaty was made; a treaty that might drive us to acts of injustice similar to that in which the

HIPPOTROME FINALLY CLOSES

By Telegraph to The Freeman.
New York, Aug. 29.—The Actor's Equity Association was expected to take radical steps today to end the drama strike which has now closed 26 of the largest theaters in New York.
In an address to the strikers last night, Ed. Wynne, one of the guiding spirits in the war, promised a plan would come to a head today which would force the managers "to act hurriedly or there will be a new set of managers by Monday."
The Hippotrome, the largest theater in the world, was closed last night when music to work. More than 1,000 persons were thrown out of employment as a result.
The president felt himself compelled to acquiesce in the case of Shantung. "The mind stands appalled and refuses to grasp the infinite possibilities which arises from the reduction of obligations we are asked to assume. Looking at the treaty as a whole, is it to be wondered at that we are asked to guarantee by our arms and our resources, the territorial status which it creates."
"I have not sought to propound or establish any thesis beyond this: the treaty as it stands cannot be enforced. This is admitted by its proponents. The treaty as it stands is but a harbinger of other and greater wars. This being true, the question must come—why was this treaty signed and the vanquished compelled to sign it? It may be when we get all the documents, this will appear. And yet in spite of all these great duties and obligations we assume, and in spite also of our great contribution of men and resources to the successful fruition of the great joint enterprise we entered, it seems to be proposed that we are to waive all participation in the benefits of this treaty, and that we are to add further to the general burdens of the people by ourselves compensating our citizens who have suffered losses in this war."
"The weight of the task resting upon us is not light, but the people demand that we fully perform it in accordance with our sworn duty. We can in this matter take the live dist of no man."
"I have put before the people as largely as I could, the salient features of this treaty so that knowing them their counsel might assist us in our work. For one of the great defects that for incident to the treaty is that too few minds have functioned on its provisions, and perusing it one finds it impossible to believe that any responsible mind had sought to co-ordinate its provisions, and trace out their ultimate logical conclusions."
"Nothing in all our history has called for a clearer perception of present and future, a keener or faster understanding of our true institutions, a clearer vision of the mighty mission of our great nation in the world and the dedication of a purer and loftier patriotism, than the consideration of this treaty."
"Unless we shall have the audacity of the infinite wisdom, we shall fail in our duty, and wrecking our beloved country, earn the odium of its treasonable betrayal."

ODDS AND ENDS IN CITY NEWS JAR

It is understood that a petition is being circulated among the members of the street force petitioning the board of public works for an increase in pay. The laborers now receive \$2.75 per day.
A leak in the water main on Ferry street, Wednesday flooded some of the cellars of the buildings on the Strand. Repairs were made yesterday to the water main. The flooding of the cellars reminded business men down town of the days when there was a freshet in the Rondout creek and Ferry street would be under water. Water has risen high enough in by gone years so that a row boat could be navigated on Ferry street.
There is considerably more traffic on Hasbrouck avenue since the hill has been paved with granite blocks. It has made a decided improvement on that thoroughfare which is listed in the automobile blue book as the route to take from the ferries, through Kingston, thus diverting some of the heavy travel from Broadway.
There is an attractive window display of meat and products arranged by one of the big wholesale houses in the window of the butcher shop of Max Abel on Hasbrouck avenue. The display attracts much attention from pedestrians and those passing by on the trolley cars.
Big improvements are being made by the Kingston and Rhinebeck Ferry Company to the property on Ferry street. The ferry house has been refitted inside, and more room for the accommodation of the traveling public arranged for. A heating system has also been installed in the building. New fences have been erected and the building, shed and fences are being repainted.
The board of public works has laid down a definite system of street repair work, and will hereafter arrange a program in the winter of what streets shall be repaved during the summer. This season, for the first in many years, Poughkeepsie's streets are being placed in excellent shape. Ludlow avenue has been completed, and Brown street is being repaved. Several other streets in that section of the city will also be repaired this season if possible.
The new auto street flatter is proving its usefulness in flattening the streets. Not only is the work done faster than with the old horse drawn flatter, but more streets are flattened daily.
The shipwrecks along the Strand in Poughkeepsie have proven a hindrance in a way not counted at the time they were started. Children daily secure considerable wood from the wrecks, and cut it up in their little wagons or on their shoulders for the kitchen stove.

PRICES SOAR ON STOCK EXCHANGE

By Telegraph to The Freeman.
New York, Aug. 29.—Excited trading similar to the hectic early days of the war, was witnessed on the New York stock exchange today. There was a general soaring of prices, leading stocks going up from 2 to 9 points with heavy buying. The rise was general in all lines.
Crucible Steel went to a new high mark, rising $\frac{1}{2}$ to 162 $\frac{1}{2}$. There was heavy trading in Southern Pacific, which sold as high as 105. Oil stocks were features, Mexican Petroleum rising five points to 161.
Mrs. Frank A. Scheffel received a telegram from her husband, Wm. Frank A. Scheffel, of 192 Downs street, of his safe arrival from overseas. He is now stationed temporarily at Camp Merritt.
Lieutenant Hervey Keator, of Supply Company, First Division, has notified his mother, Mrs. Martin Spencer, of Johnson Avenue, that he will embark for the United States on the Levathan, the steamship which will bring over General Pershing, and the First Division.
Lieut. Bert DeGraff, of the U. S. Regulars who is stationed at Fort Dodge, Des Moines, Iowa, is spending a few days in Kingston, visiting his parents, Police Sergeant and Mrs. Chauncey DeGraff of New York, who are guests of Mrs. Bartholomew Robins at 113 Main street. Lieut. DeGraff was with the Third Division in the occupational army in Germany, after two years service in the World War, and arrived from overseas about two weeks ago. He received thirteen citations. A thirty day furlough has been granted him, after which he will return to duty.

GERMANS USING OLD METHODS

By Telegraph to The Freeman.
Geneva, Aug. 29.—The Germans who are evacuating Danzig are systematically sacking the city and trains are transporting machinery and materials of all kind to Berlin, according to Robert Vaucher, the Journal's Petrograd correspondent, who has just arrived here by way of Danzig. He declared that the Germans are terrorizing the population in territories where plebiscites are to be held shortly, threatening reprisals that will ruin the people unless they vote in favor of the Germans.
Under the peace treaty Danzig, which was formerly a German port on the Baltic, becomes a Polish port.
Indian Remedy Dead.
By Telegraph to The Freeman.
East Oxford, Maine, Aug. 29.—Andrew Seckalek, the Old Town Indian, who performed in the Olympic marathon in Stockholm in 1912, and who ran in the Boston marathon several years, is dead of tubercular meningitis, at his home here today.

RECONSTRUCTION BODY'S EGG LAW

The New York state reconstruction commission, Abram I. Elkus, chairman, has recently presented to the governor the report on eggs, of its food committee, Thomas V. Patterson of Brooklyn, chairman.

This report criticizes present conditions in the collecting, packing, shipping, receiving, candling and retailing of eggs, saying that there is no incentive to the farmer to keep his eggs up to a high standard nor to keep high class breeds of poultry. This is owing largely to the fact that purchasers buy eggs without regard to their condition, in order to have the continued "good will" of the farmer.

But the shipping of poor eggs together with good eggs lowers the average grade of eggs and results in lower prices paid to the farmer. The cost of marketing ungraded eggs, too, is greater than if they were all good, because the sorting and grading make additional labor necessary. An investigation made by the United States department of agriculture shows the annual loss from waste caused by shipping uncandled eggs to be \$50,000,000 per year for the nation.

The commission therefore recommends to the governor the adoption of the uniform good egg law drawn up as the result of a meeting called last January by the National Poultry, Butter and Eggs Association and attended by representatives of the federal department of agriculture and state food and drug commissioners. These laws define eggs unfit for human consumption and require candling before resale, providing regulations and punishment for the enforcement of this measure; and provide licensing of dealers in frozen or desiccated eggs, under direction of the board of health, with appropriate measures for labeling, inspection, etc.

Similar laws exist in Illinois and South Dakota. It is expected that the uniform egg breaking establishment law mentioned above will be passed by Tennessee, Alabama, Mississippi, Nebraska and Iowa before long. The New York state reconstruction commission recommends that the New York state legislature join with these other states in passing this legislation, the good egg law to be administered by the department of farms and markets and the egg breaking establishment law by the local health authorities.

OUR DAILY PATTERN.

A Smart School Dress.

2694—This will prove a comfortable, and "easy-to-make" design. Good for serge, corduroy, gabardine, voile, crepe, plaid and mixtures. Blue serge could be trimmed with tan satin or silk, braid also would form an attractive finish. The sleeve may be in elbow or wrist length.

The pattern is cut in 4 sizes: 6, 8, 10 and 12 years. Size 10 will require 2 1/2 yards of 40 inch material. A pattern of this illustration mailed to any address on receipt of 10 cents in silver or stamps by the Pattern Department, The Freeman, Rondout, N. Y. Be sure to state size wanted.

Catalogue Notice.

Send 10c in silver or stamps for our UP-TO-DATE FALL AND WINTER 1919-1920 CATALOGUE, containing 350 designs of Ladies', Misses' and Children's PATTERNS, a CONCISE AND COMPREHENSIVE ARTICLE ON DRESSMAKING, ALSO SOME POINTS FOR THE NEEDLE (illustrating 30 of the various, simple stitches) all valuable hints to the home dress-maker.

IDEAL PARK.

Ideal Park, Aug. 25.—E. A. Bourgeois and Robert Bennett of Brooklyn are spending their vacation with their families at Tain Oaks.

Mr. Gorman of Brooklyn spent the week end at his bungalow.

Charles F. Miller of Moore, Pa., chief experimental engineer of the Westinghouse Electric and Manufacturing Co., wife and son, Joseph,

spent the week end with Mr. and Mrs. L. E. DeVall, returning via Delaware Water Gap.

L. E. DeVall, of Philadelphia, traveling auditor of the U. S. shipping board, spent the week end at his home here.

Mr. and Mrs. L. E. DeVall gave a very delightful party on Friday afternoon, August 22, in honor of the birthday of their daughter, Helen Beatrice. About 50 of her little friends were present. Under the able supervision of Mrs. Robert Bennett of Brooklyn various games were played by the children; later singing and recitations came in turn. Tables prettily decorated with ferns, flowers and flowers were spread upon the lawn and ice cream and cake served. Among those present were Miss Beatrice Powley of Kingston, the

Misses Lucille and Margery Post of Philadelphia, Pa., Carolyn Newbegin, Alice Fitzgerald, Polly Bennett, Dorothy Lang and Bluebell MacLean of Brooklyn. Miss Evelyn Wilber and Miss Mabel DeVall of Ideal Park, Dawson Bennett, Billy and Arthur Bourgeois, Bobby Newbegin, Douglas and Junior MacLean and John Horn of Brooklyn, Billy and Donald Riffenburg and Edgar Powley of Kingston and Marion Wilber of Willow.

SAMSONVILLE.

Samsonville, Aug. 25.—On Sunday an appreciative audience listened to the fine discourse of Rev. Stocum of Yonkers, who is stopping for two weeks in this place and who kindly consented to preach and sing. Mrs. Abram Markle's sisters and a

brother-in-law from Yonkers are visiting her at her home.

Miss Gladys Markle has returned from her visit to the city.

Mr. and Mrs. Ed. Every and Mr. and Mrs. James Burgher of West Shokan visited their uncle, Freeman Every on Sunday evening.

On next Saturday and Sunday, August 30 and 31, the Baptists from here expect to go to the Shokan Old School Baptist Church to hear Elder Clark of Delaware county preach.

Mrs. L. L. Osterhout of Kingston is visiting her cousins and friends here, among them being George and Rachel Davis, Mrs. W. G. Moore and Mrs. Berier.

Mr. and Mrs. Herman Barringer and Mr. and Mrs. Arthur Barringer are motored to Pennsylvania to visit relatives on Saturday, with Guy Barringer as chauffeur.

The prayer meeting on Monday evening at the church was well attended by the young people. Pastor Thompson and Harry Christiansa were present.

A party went sight seeing to High Point on Tuesday. Among them were Rev. Dr. Stocum and Mr. and Mrs. Darling, Gladys Markle, Mabel Van Eiten and Genevieve Moore.

Mrs. Ella Palen and Mrs. Minnie Barringer had company from Kingston on Monday.

HURLEY.

Hurley, Aug. 25.—Notices are out for the Republican and Democratic town caucuses for the nomination of

town officers. According to agreement, both caucuses will be held in the town hall of West Hurley. The Republican caucus is called for Wednesday evening, September 3, at 8 o'clock. The Democratic caucus is called for Thursday evening, September 4, at 8 o'clock. The offices to be voted for are: Supervisor, town clerk, collector, town superintendent of highways, assessor for four years, assessor for two years, two justices of the peace for full term, two overseers of the poor, constables. Inspectors of election are also to be selected. There is a ripple on the Republican water that may develop into something more portentous; the Democratic water is as calm and placid as a summer sea.

KINGSTON, N. Y., AUGUST 29, 1919

It has been hinted in Philadelphia that the Burleson mail system may be improving. A returned soldier received a Christmas card on August 14 that was mailed to him on November 1, 1918.

"Will we be maintaining American troops upon the Rhine for the next fifteen years," inquired Senator Johnson of the president. "I suppose we will," admitted Mr. Wilson. That is but one of the obligations we assume under the terms of the treaty.

Switzerland, having been invited to join the league of nations, announces that she will do so on condition that she is never called on to go to war, and is never to be coerced in any way. Should Switzerland be permitted to make such reservations as these and the United States denied the right to make any whatever?

HISTORY CONDEMNS HER

Someone should present a few of the senators on the Democratic side in congress a good reference book on Far Eastern events during the past quarter century or so, with particular reference to the part which Japan has played in that theater of international activities. Senator Hitchcock laments that Republican senators "should shed crocodile tears" over China and makes known his faith in the purity of Japan's intentions with respect to the Oriental Republic while Senator Robinson says that "no beneficial effect can result if we assume, as some have seemed to do, that Japan is acting in bad faith and that she intends to break her word; and her promises to restore the territory to China," and that "there can be no doubt that Japan is bound by every consideration of honor and by executive obligations of unmistakable import to return this territory (Shantung) to China." Other Democratic senators adopt a similar line of argument to create the impression that one of these days Shantung will be returned to China by Japan.

The answer to all this foolishness is that the peace treaty to which we are asked to become a party does not make any provision for the return of Shantung to China, and it is an iron bound contract which we are asked to sign, not a secret understanding of whose terms we know little. As for the "good intentions" or "faithful observances" of Japan, her record in that respect so far as China is concerned, is not calculated to create assurances in the minds of those who are familiar with Japan's past aggressions in the Far East.

Japan's first transgression of China's rights was when she despoiled her of Port Arthur and other territory which had been turned over to Russia as concessions, but which Japan has kept in defiance of international protest ever since. In 1904 Japan desired to occupy certain parts of Korea for strategic purposes in her war with Russia, guaranteed the independence and territorial integrity of Korea. Three years after the entire Korean government was seized and placed under Japanese control; in 1909 Japan assumed the police power in that country, and in 1910 the Korean emperor was deposed and Korea was annexed to Japan. The treatment of the Koreans by the Japanese at the present time is set forth in a recent report of the Presbyterian Church of America with a particularly which discloses every American reader with the thought of a partnership in a league of nations with a nation employing such barbarous practices.

There is evidence in abundance to show that Japan has persistently modified its Chinese politics, seeking to overthrow the Republic, setting a rival party against the other to the point of revolution, carrying on propaganda in Chinese papers subsidized for the purpose, and doing everything conceivable to render China weak and impotent in order that Japanese hold on China might be strengthened. Now it appears that Japan blocked China's attempt to enter the war on the side of the Allies until the Shantung frame-up with England, France and Italy had been perfected.

When Democratic senators arise in defense of Japanese honor as a means of achieving Mr. Wilson's big act

of seeming treachery toward China, it is apt to be interpreted as meaning that they approve the practices heretofore indulged in by Japan toward her neighbors. Either that or those senators are utterly ignorant of past events in the Far East, and should therefore remain silent.

AGRICULTURE

Use the best seed obtainable; poor seed means low yields.

If you have a good lawn, don't let it go to seed if you want to keep it good.

Are you an active participant in the nation-wide campaign to scrub the scrub site?

Now is a good time to make sure of good wheat seed for the fall sowing if you haven't already attended to it.

"I've got to admit it," acknowledges one farmer. "My son is furnishing more vegetables from his school garden than I am from the one that I'm working."

Records from Washington schools show that children in agricultural club work have better school marks than those who are not in clubs. Probably this is because the live ones take to the junior extension activities.

Many new types of fruit and grain have been developed on the farm. Those who are interested in the principles and methods of plant breeding should send to the college of agriculture at Ithaca for R. C. F. 38.

Junior extension work with boys and girls may not produce immediate results in farm and home betterment, but the chances are that in the long run the outcome will be ahead of that gained working with grown-ups who have formed fixed habits in farming and home-making.

Aug. 29, 1909.—Miss Edith Foster, daughter of Connolly and Wallace H. Foster of Briar Cliff Manor, married Mr. Paul Foster, colored, committed suicide by jumping into Hudson river at Ulster Landing.

Josephine Ten Brook, 83 years old, died on Ten Brook avenue.

Francis H. Leggett died suddenly while being removed from the Westchester railroad station to a hospital.

Optimistic Thought

To the wide there is pleasure in not

of seeming treachery toward China. It is apt to be interpreted as meaning that they approve the practices heretofore indulged in by Japan toward her neighbors. Either that or those senators are utterly ignorant of past events in the Far East, and should therefore remain silent.

U. & D. WIN THE
LEAGUE PENNANT

Wallop the All-Stars in Deciding
Game of the Season to the Tune
11 to 4—League Manager Will
Meet Next Wednesday Evening.

The batting of the railroad men and the clever pitching of their twirlers helped the Uister and Delaware ball tossers to easily defeat the All Stars in the deciding game of the season in the Twilight League at McVey's Field Thursday evening to the tune of 11 to 4. By winning last night the U. and D. won the silver cup and the 1919 championship of the league. Art Rice, the official umpire, and Sergeant Hanley were the two umpires who officiated at the deciding game, and their decisions were just and impartial.

The railroad men started the first inning with their eyes glued to the ball and before they were retired had clouted in three runs, and shut out the All Stars. Then in the third inning the U. and D. clouted out four more tallies and placed the game safely on ice, but for good measure added four more tallies later on in the game.

The All Stars made seven costly errors during the game. It was a good game, but the Uister and Delaware team, which had been picked by the wise ones earlier in the season as the league winners, proved too fast for the All Stars.

The scheduled game between the All Stars and the Tigers at McVey's Field this evening. This is the last game of the season, but even with the All Stars winning it, it would not effect the standing in the league.

Next Wednesday evening at the city hall the board of managers of the Twilight League will meet to finish up the season's business of the league.

The score Thursday evening follows:

AT BIGELOW HOME.

"Candy Queen" at October Festival
—346. Bigelow Recovered.

Miss "Mary Elizabeth" Evans, popularly known as the Candy Queen, will sing several old time sailor songs at the October festival of the Bigelow homestead at Malden-on-Hudson. Miss Evans was in France during the war making delicacies for our wounded. On this occasion she will be accompanied by Melville Clark on his harp. Poulitney Bigelow is now almost recovered from the tetanus attack, and expects to welcome in person, assisted by Mrs. Bigelow, all friends and neighbors who come on Saturday, the 4th of October to hear the songs and speeches. The exercises commence at 1:30 and end at 4 p. m. No cards are needed.

Who Could, Indeed?

English paper—Miss Letch played delightful golf up to the hole, but when once she had arrived there the result was almost ludicrous, as she could not hit the ball truly with her puttee.

Important Store News!

To Our Patrons:—

I desire to announce that I have sold the Dry Goods Business of G. A. HART & CO., 315 Wall Street, Kingston, N. Y. to THE WONDERLY CO., Inc. Transfer to take effect September 1st, 1919.

Because of the transfer taking effect at this date, it will be necessary to close the store for inventory this FRIDAY and SATURDAY, August 29 and 30.

Will open as usual September 2nd, under the firm name of THE WONDERLY CO., Inc., successors to G. A. HART & CO.

The New Corporation needs no introduction to the patrons of G. A. Hart & Co., as Mr. C. E. Wonderly has been my superintendent for the past four and a half years. I will assure you of the same courteous treatment and fair dealing from the New Corporation in the future, as has been accorded you in the past.

The Wonderly Co., Inc., desires to make this statement to the many loyal patrons of G. A. Hart & Co.; that it is the intention of the new organization to offer only High Grade Quality Merchandise, as has been sold by G. A. Hart & Co. for the past forty-five years.

Hoping you will continue your loyal patronage, we beg to remain.

Yours Very Truly,

G. A. HART & CO.

"DIRECT" BITE TEETH

After years of experimenting our laboratories have discovered a direct bite set of artificial teeth. These plates improve the sense of taste and insure perfect enunciation and articulation. The teeth absolutely cannot be discerned from natural teeth. These teeth because of the direct bite have three times the biting strength of ordinary plates. Are you now wearing artificial teeth? If so, we strongly advise you to call and investigate this new plate.

Turpentine is a moth preventive.

Did you ever use worn out phonograph needles for brads or tacks?

Mosquito infestations may be due to a pile of old tin cans in which water stands.

Washing soda in boiling water poured down the sink at night will keep the drains clean.

Currant jelly beaten up and thoroughly mixed with water makes a pleasant beverage, especially as the basis for a fruit lemonade.

Mother should have a fixed hour each day when she lies down and closes her eyes whether she sleeps or not. This hour should be undisturbed.

If there is no Cornell study club in your neighborhood you may be interested in forming one. They are told about in R. C. H. 13 which will be sent on request from the college of agriculture at Ithaca.

Are you encouraging the girls to take up junior extension work in home-making? Those who know say that this work develops an interest in the home and takes away from discontent with what sometimes seems drudgery.

Advises Ordinary Buttermilk for Wrinkles and Enlarged Pores

This Good Looking Young Woman Advises Old Time Recipe of Buttermilk Cream in a New Way—A Gentle Massage With Fingers Before Retiring All That Is Necessary.

The old-time application of Buttermilk and Cream to whiten and preserve the skin and remove harsh little wrinkles and ugly enlargements is grandmother's recipe, and women throughout the country are again using it to ensure a beautiful complexion and snow white hands and arms.

Buttermilk, however, is not always obtainable, but a specialist has at last perfected a method of concentrating buttermilk and combining it with a perfect cream, which you can buy in small quantities ready to use at any first class drug store by simply asking for "Howard's Buttermilk Cream."

No matter whether you are troubled with wrinkles, hard little lines around the mouth and eyes, coarse, snappy, faded looking skin, or simply roughness and redness caused by wind and sun, you will find that all these little troubles disappear with the use of this old-fashioned beauty recipe brought up to date. Sold by McBride drug stores and all good druggists.

Beautiful actresses say, "A short massage with Howard's Buttermilk Cream at night before retiring is all that is necessary."

Coffee—The Essential Drink

What is more satisfying than a steaming cup of delicious coffee? It's the flavor that counts! And the flavor of REYNOLDS RELIANCE appeals to millions of coffee lovers.

We go to the most remote coffee markets of the world to gather the coffees that make the finest blend—RELIANCE.

Our scientific method of preparation not only enhances the delectable flavor, but because it retains all the essential oils, adds to the digestive qualities and provides more cups to the pound.

A special process of grinding removes all the chaff, thereby avoiding any possibility of bitterness or injurious after effects. Thus REYNOLDS RELIANCE is absolutely healthful.

By combining all these points RELIANCE gives you not only a satisfying delightful flavor that is unsurpassed but also a wholesome, digestible drink that cannot endanger the health.

Remember to ask for RELIANCE. It is always fresh at your grocers—guaranteed to please or your money back.

PLAY FESTIVAL ON SATURDAY

Was Given Successfully at Kingston Point Park Thursday and Will be Repeated at McVey's Field—Athletic Meet Saturday.

The play festival by about three hundred of the playground children was given at Kingston Point Park, and was a decided success. Every number on the program was given in a manner worthy of the highest praise. The play festival on a somewhat smaller scale will be repeated Saturday afternoon at McVey's Field to give those who were unable to visit Kingston Point a chance to see it. Following the play festival that afternoon an athletic meet for boys will be held. Playground medals will be awarded the first, second and third place winners.

A Forsyth Park-McVey Field ball game in the race for the Admiral Higginson cup will also be staged that afternoon. Forsyth Park leads with four games to McVey's Field three games. Under the rules one team had to win five games to receive the silver cup.

DOUGHBOY HUMOR

Not Entirely Repressed by Blear North Russia.

The following jingle, headed "A Psalm at Life," with apologies to Henry Wadsworth Longfellow, appeared in The American Sentinel, the weekly newspaper published for the enlightenment and entertainment of American soldiers at Archangel, Russia, by the American Red Cross. The doughboy poet's prophecy of an early home-coming has since come true:

Tell me not, to make me glimmer,
Going home is just a dream.
For we shall not stay all summer
And things are not what they seem.

Life is real, life is earnest.
(Though in Russia somewhat slow)
"Yank thou art, and soon returnest"
Passed the senate weeks ago.

Not resignation and not sorrow
Is the destiny we face,
But to hope for that tomorrow
When we leave this censored place.

Life is short and time is fleeting,
And our hearts, though brave and stout,
Often double-time are beating.
When it's home we're thinking about.

In the world's broad field of battle,
In this (but by censor) strife,
Do not trust this piffing prattle
That the sentence is for life.

Trust to rumor so unpleasant,
Let the dead past bury its dead;
Act—act in the living present.
Home is just six weeks ahead.

Regulations oft remind us,
"There is no such word as fear;
We shall go and leave behind us,
Room for much home talent here."

Talent that perhaps another,
Sailing o'er life's solemn main,
Who behold our Russian brother,
Seeing may take heart again.

Let us then be up and doing,
Speeding each succeeding day,
Still achieving—still pursuing,
Heaven grant we leave in (deleted by censor).

LEIBHARDT.
Leibhardt, Aug. 23.—Preaching service will be held again on Sunday afternoon, September 7; also Sunday school at the usual hour.

Mrs. Florence Solberg and Miss Fox were guests for supper at the home of Mr. and Mrs. Andrew Gullickson on Monday afternoon.

Mrs. L. E. Lawrence entertained a company of friends Tuesday evening. Some fine piano selection were rendered by Professor Harris.

Mr. and Mrs. Elijah Krum pleasantly entertained a company of friends from Rhinebeck at their home on Sunday.

Mr. and Mrs. Romain Brown were guests at the home of Mr. and Mrs. Stephen Gosselin on Sunday.

Mrs. Steine, a city boarder with Mrs. Agnes Brown, had the misfortune to fall from a step ladder and injured her left shoulder quite badly Tuesday.

Mrs. Alexander, who has been assisting Mrs. Agnes Brown with her house work during the boarding season, will leave on Friday for her home in Lyonsville where she expects to entertain her son and family for the next two weeks.

Rex D. Brown is enjoying a week's vacation with his aunt and uncle, Mr. and Mrs. James Palen, at The Vix. We all miss Rex's smiling face in the store and at the post office.

Miss Lillian Reynolds after a pleasant vacation of several weeks at the home of Mr. and Mrs. William J. Brown will leave on Sunday for New York in company with her uncle, Frank Reynolds. Miss Lillian has spent many happy days with her relatives, Miss Esther and Kathryn Brown, who will wish her a pleasant journey. All hope to see her next summer in old Leibhardt.

H. C. Locke is building a fine new garage at the DeWitt homestead. Miss Lulu Quirk is visiting her cousin, Mrs. Clarence Van Leuzen, at Tonawanda.

The Misses Minnie and Carol Brown enjoyed an auto ride to Kingston on Tuesday with their father, Wm. J. Brown.

HERE AND THERE ABOUT THE TOWN

Dad's Plan to Frighten His Hair So He Would Not Remain Out so Late Nights Did Not Work as Intended—The "Old Man" Stunned.

"Believe me," said the busy barber, as he paused to rest from his exertions of sweeping out the barber shop this morning, "but he is some boy."

"Who is?" asked the customer, dropping in for a chat.

"He is the kind of a boy," continued the barber, reflectively, "who would steal a peach from the fruit store, and when he found them overripe, would think nothing of placing them in a paper bag, calling at the store and demanding that the merchant refund what he had paid for them."

"Still I don't get you," interrupted the customer.

"I was just musing to myself over the events of last night," replied the barber, with a furtive smile.

"Shoot it along," urged the customer, scenting a yarn.

"It seems," said the barber, pausing for an instant to light his pipe, "that my next door neighbor has a youthful heir who likes to roam the streets late at night, and he made up his mind to break him of the habit."

"He confided his plans to his better half, and she agreed it was better for Willie to have him home nights, studying rather than at the movies, or up to some mischief."

"Well, last night they decided was as good as any to put the plan in operation, so they sent Willie out to do an errand. Another neighbor had promised them some peaches from a tree in their yard, and Willie was to bring home a basket of them."

"Willie started for the neighbor's house, first enlisting the services of another 'kid' to help carry the peaches. Just about the time they were expected back with their load dad threw a white sheet over his head, and hid behind a bush, fronting the front walk, and waited for Willie and his pal."

"A few minutes later Willie and his chum came straggling along, and dad popped up from behind the bush. Willie first saw the apparition. 'Give me the flashlight,' he gasped. 'Then hand me the other 'kid' the flashlight he picked up a stone and hurled it with accurate aim."

"Dad dropped, stunned both literally and figuratively. Willie ran forward and lifted the white sheet. 'What—the warm place—it's dad,' said he."

The Tug Rose Was Sunk.
The tug J. G. Rose, of the Cornell line, is at the Cornell shops in the Rondout creek receiving general repairs. The Rose, which is commanded by Captain Dennis J. Geary of Ponckhockie, was chartered by the Newark Submarine Corporation, and a little over a week ago was sunk in Newark Bay. No particulars as to how the tug came to sink could be ascertained. Captain Geary, who has been home for a brief visit, has returned to Newark and taken charge of the tug Decker until the Rose is ready to go into commission again.

Moonlight Sail Tonight.
A moonlight sail will leave the Rondout creek this evening at 7:30 o'clock for Foughkeepsie, where the reunion of all the Hudson river drum corps will be held at Columbus Hall. Kingston will be represented by Bailey's and Barmann's drum corps. The boat will leave the Central Hudson dock at the time stated.

SUPT MICHAEL GREETSS SCHOLARS

In Letter From Adirondacks—Will Be in His Office After Sep. 8—Schools Open Sep. 8.

Adirondack Mountains, Wiltwyck Lodge, Seventh Lake, Inlet, Hamilton Co., N. Y.

Aug. 27, 1919. To the Boys and Girls of Kingston. My Dear Young Friends:—Our schools will again open on Monday morning, Sept. 8. I trust everyone of you will make an extraordinary effort to be present on that date.

Your teachers are going to be in their respective class rooms on Thursday and Friday, Sept. 4-5, getting everything in readiness for you so there shall be no delay whatever in starting classes Monday morning. I shall be in my office at the high school daily after Sept. 3, where I shall be pleased to meet you or any of your parents who may wish to consult me about your school work. I have no doubt that you have enjoyed your long vacation and that the days have passed too quickly. However, let us all resolve to show the grown-ups of Kingston that we can and will work just as hard and cheerfully as we have played. You owe it to your parents who

have sacrificed so much for you to do your best to prepare yourselves to be useful men and women to the end that the world shall be better because you have lived in it.

Cordially yours,
M. J. MICHAEL,
Supt. of Schools.

New Principal at Hillburn.

C. E. Cornwell Longyear of Hillburn street this city left Thursday for Hillburn, Rockland county, New York where he will take up his new duties as principal of the Hillburn Graded Schools. Mr. Longyear for twenty-two years has rendered faithful and efficient service in the schools of his native county, Ulster, but in view of a wider field of service he has responded to a call offering many opportunities.

In connection with his teaching in this section he contributed to "The Popular Educator," the "Normal Instructor," "The Progressive Teacher," "Primary Education," "Etude," "The Musician," and "The Musical Observer" and taught a class of piano pupils on Saturdays. He was an earnest worker in the Wurts Street Baptist Church, at present serving as junior deacon of the church and as chorister in the Sunday School.

Today's Orpheum—Bill.

The Orpheum Theater opened for the season Thursday with three vaudeville acts and Tom Mix in "Treat 'em Rough." All three performances were largely attended. The house has been thoroughly cleaned, repainted and presents a very neat appearance. Today the vaudeville bill will be repeated and as the feature picture Zena Keefe will be seen in "An Amateur Widow," also Hearst's latest news.

Dissolution Certificate.

A duplicate certificate has been filed by the secretary of state with the Ulster county clerk that Stuyvesant Garage, Inc., of Kingston, has complied with the general corporation law in its petition for voluntary dissolution.

Mutt and Jeff Coming.

"Mutt and Jeff," in their latest and greatest "fun piece" entitled "Mutt and Jeff's Dream," will make their annual visit at the Kingston Opera House next Wednesday afternoon and night. Advance sale of seats will open Monday.

AT THE THEATERS.

To Repeat "The False Faces," Crane Wilbur at Auditorium.

It was a delighted audience that followed the fortunes of "The Lone Wolf" in Thomas H. Ince's tremendous Paramount-Artcraft special photo play, "The False Faces," which had its premier at Keeney's yesterday. This splendid photo play will be repeated for the last time again at Keeney's tonight. Tomorrow Constance Talmadge, the delightful little star in a comedy of laughs, "The Experimental Marriage," a Keystone comedy and the usual news weekly will be shown also.

At the Auditorium.

Crane Wilbur in "Devil M'Care," you will thoroughly enjoy if you appreciate a crisp, clean comedy of the western variety. A Billy West comedy and Gaumont news weekly are other attractions today at the Auditorium. Tomorrow Mae Murray in "The Delicious Little Devil."

Resolutions Received.

The triplicate resolutions changing the construction from brick to concrete, for the Main-Market streets and Ulster avenue job, Saugerties, have been received from the state highway department, and will be acted on by the Saugerties village trustees at a special meeting Friday evening.

Business Certificate.

Russell Rogers has filed a certificate in the Ulster county clerk's office that he is doing business at 302 Wall street under the name and style "Rogers's Auto Supply Store."

STEAMERS CRASH

In Lower Bay and Munaires' is Beached.

By Telegram to The Freeman.

New York, Aug. 29.—Following a collision with another steamer in Ambrose channel, early this morning, the Munson line steamer Munaires, outbound for Newport News, was beached to save her from sinking. The vessel, of 2,750 tons, was in ballast.

The Munaires' crew of 21 men was taken off by the British steamer Hortensius, which collided with the Munaires. The Hortensius was not badly damaged.

Natural Cloth.

In tropical South America the inner bark of a species of tree yields an excellent cloth, the fibers of which are interwoven much as it the fabric came from a loom. All that is necessary is to wash and beat out the cellular stuff from the interstices and, when dried, it is light, flexible and altogether suitable for making up into garments.

Ford Turns Turtle.

A Ford car owned and driven by L. Freeman of Mount Airy and containing two other persons, turned turtle on the Kingston road near the mud brook, Wednesday afternoon, and all were thrown out. Freeman had his collarbone and one rib broken and was given surgical attention by Dr. B. W. Gifford of Saugerties. The others escaped injury. The Ford sustained a "bent wishbone" and was taken to Van Burkirk's garage, at Saugerties.

WOODSTOCK.

Woodstock, Aug. 28.—As the next concert of the Woodstock Township Christian Singing Society is scheduled for September 6, in the Shady M. E. Church, there will be an extra rehearsal Saturday evening, August 30. A good attendance is desired.

Today the Sunday schools of the village, under the auspices of the M. E. Church, have a picnic in Harrison's grove at Zena. All the village people have co-operated generously and a general good time is expected.

JAPAN MUST HAVE OUTLET

For Excess Population And Future Is Bound Up With China Says Hottori—Japs Says Labor Here And Not Interiority Keeps Japs Out.

By Telegram to The Freeman
London, Aug. 29.—Japan's immigration policy and her attitude towards China are defended by Ichizo Hottori, chairman of the Japanese delegation to the Brussels International Parliamentary Conference, in an article in the Pall Mall Gazette.

Dr. Hottori, who is a member of the Japanese house of peers, declared that "Japan's future development must necessarily be very closely associated with China" and that "It is Japan's sincere desire to establish amicable relations, based on mutual understanding with China."

On the subject of Japanese labor Dr. Hottori contended that, on broad lines, American capitalists desire to employ Japanese workers, but are opposed by American labor interests.

The article, in part, follows: "Japan's population is increasing at the rate of 660,000 yearly and already the country is overcrowded. We must obtain an outlet for our surplus population."

"As the nation does not desire to interfere in the domestic politics of any other country, we fiercely resent any imputation of race inferiority. We frankly recognize that every country has a perfect right to order its own affairs in its own way. If organized labor in America objects to Japanese working there, we do not feel that we have any cause to complain. We contend, however, apart from displacing labor, we have the right to develop our future in our own way."

"In America any discussion as to future development inevitably turns upon the racial question, although it is really the labor problem that is meant. We regard the labor phase as an unessential part of the question. The Japanese do not want to interfere between capital and labor in any country. On broad lines, American capitalists desire to employ Japanese labor, while American labor is determined that the capitalists shall not do so. And for the present the latter have triumphed."

"I am convinced that great fields of activity are open to us where there is no possibility of classing local prejudices and where the value of our labor is being steadily recognized."

"When South America is really opened up there will be an enormous demand for our men. Japan does not want any more colonies. We recognize that all available territory has been taken up. What we do desire is to be regarded as equal competitors in the markets of the world. Therefore I emphasize the difference between general racial problems and the mere side line issue of cheap labor. No serious proposal was ever made to exclude the Japs from any country, solely because they were Japanese. That is another matter."

"Great industrial development occurred in Japan during the war. Since the armistice there has been some depression, but that is only temporary. When conditions are settled our prosperity will develop on a scale not dreamed of before the war. As our local industries increase, so will our powers increase for absorbing surplus population."

STRIKE AT SCHOOLS.

Men Working on Addition to Plant Demand More Pay.

Forty laborers working on the addition to the John Schuhle plant at Highland went on strike Thursday, demanding 50 cents an hour and a 45-hour week. This the J. W. Rushon Company, which has the contract, refused to accede to and told the strikers that they would send for men to take their places at once unless the strike was declared off.

At the factory it was stated that the men read in a paper a few days ago that they were going to be granted an increase in their pay and they immediately sent word to the contractors that they would not work unless it was granted. How the statement that there was going to be any increase in pay ever became public is not known as the company say they never thought of such a thing and never authorized it.

They say they will have no trouble in getting all the men they want to take the places of the strikers as they will send to either Boston or New York tonight, if the strikers do not return and will have the work going along as usual tomorrow. The company is hurrying the work as rapidly as possible, as they want to get the building enclosed before the cold weather arrives.

Mr. Dillon, superintendent of the company, stated today that they had offered the men 45 cents an hour for a nine hour day, making \$4.05, and if they did not accept this the company will send for men to take their places tonight.

Seek Perfection.

Aim at perfection in everything, though in most things it is unattainable; however, they who aim at it and persevere will come much nearer to it than those whose laziness and dependency make them give it up as unattainable.—Chesterfield.

REBELS CAPTURE CARRANZISTAS

By Telegram to The Freeman.
San Antonio, Tex., Aug. 29.—In an attack on a federal troop train, Mexican bandits killed and captured 150 Carranzista soldiers, according to a telegram received here today. The attack, which took place at Espinal de Maricao, state of Chiapas, also netted the bandits several pieces of artillery, much ammunition and other army supplies. Bandits also derailed a federal troop train 70 miles south of Laredo on Tuesday.

WYNKOOP IS LUCKY.

Prisoner in County Jail Tells Gardiner Man Where Clothes Are.
L. E. Wynkoop still has some clothes to wear. But he might have had less if a man suspected of robbing him had not been arrested and taken to the Kingston jail. At different times lately Mr. Wynkoop has been snatched by a thief or thieves, who took from his house eatables, a suit of clothes, a pair of shoes, shirts and other clothes. A day or two ago he received a letter from the man in jail telling him where he could find the suit of clothes—wrapped in paper and covered with hay in his (Mr. Wynkoop's) barn. It is believed he intended to get away with the suit shortly after he placed it in the barn, but as he was very soon afterward placed under arrest by Officer George Currie he was unable to do so. The man in question is about 23 years old and has been working on farms in this vicinity.—Gardiner Weekly.

Chief McCabe Stricken.

Charles J. McCabe, chief of police of the Poughkeepsie department, had a paralytic stroke at Buffalo, Thursday, where he had gone to attend the annual convention of Police chiefs of the State of New York. The stroke affected his left side. Chief McCabe is 54 years of age and accompanied Chief McCabe to Albany last night, where, at the Union station, Mrs. McCabe and two daughters, who had been notified, met them. Mrs. McCabe was accompanied by some of the members of the Poughkeepsie police force.

ROSENDALE.

Mr. and Mrs. Edward M. Murphy of Brooklyn, and their nephew, Arthur J. McIntyre, who returned from France a few months ago, being active service for two years, also their friend, Michael A. Duffy of Brooklyn, have just returned from Vermont by auto. They will remain at the Mary Margaret Cottage, their summer home at Rosendale, for the balance of the summer.

High Falls Property Sold.

Charles T. Coutant of the real estate brokerage of Coutant & Davis on Wednesday at High Falls sold at auction the property known as the F. O. Norton house, containing fourteen rooms, for Charles F. Dickinson the owner. It was struck off to Robert Spindler for \$4,150.

BUSINESS NOTICES.

All members of No. 793, Carpenters and Joiners are requested to meet at headquarters, 54 Strand, on Monday (Labor Day), Sept. 1st, at 1 o'clock sharp to take part in Labor Day parade. The Bailey Fire, Drum and Bugle Corps will head the division.

SURE RELIEF

For three years past the officials of Trinity Methodist Church have maintained the regular church services throughout the summer months. At first it was an experiment but has developed into an established practice and proved to be a substantial benefit to the church work from every point of view. During the present month the people have been very acceptably supplied by the Rev. Harry H. Young. The attendance at both morning and evening services on Sunday has been steadily increasing. On Sunday evening next as a part of the regular services there will be a special musical program.

KRUMVILLE.

Krumville, Aug. 28.—Harold and Lester Davis attended the fair at Millbrook Wednesday evening.

There will be revivals held in the Krumville Reformed Church this week, beginning with Thursday evening.

Many from this place attended the picnic at Lyonsville Tuesday evening. All reported a fine time.

A Sunday school picnic will be held on the Krumville Reformed Church grounds, September 4. Come, come all, and have a good time. Good music will be furnished.

Ernest Miller and lady friend visited Mr. and Mrs. Benjamin O. Davis Sunday.

The Misses Pearl Davenport and Helen Davis called on Mr. and Mrs. Ernest Christianson Wednesday evening.

Misses Lyons and gentleman friend visited Mr. and Mrs. Floyd Kolder Sunday.

We are all glad to hear that Stephen Lyons is improving.

This Krum and family of Tillson called on his mother in Krumville on Sunday.

Probably is sticking.

To the Kingston Freeman:
Through your columns may a summer visitor be allowed to express gratitude and disappointment upon finding the end of the First Dutch Church not only satisfactory, but also most congenial. To the surprise of the visitor, the church, where is the old and venerable, wide in the ancient old church clock.

A BROTHER CHURCH SUMMER VISITOR.

Australian Newspapers.

The Australian daily, weekly and monthly publications are considered great institutions, especially the dailies, and the consumption of newspapers alone is large, probably running into 4000 tons monthly for the Commonwealth.

What America Is.

America is an inspiration, America is a spirit. America is something magical which lives in the heavens. It is the constant and continuous searching of the human heart for the thing that is better.—Franklin D. Lane.

Incredibly Silly Order.

Army orders regarding unscrupulous recall the fact that the Bank of England once issued an order forbidding clerks to wear watches during business hours. This remarkable order afforded the public an amusing insight into the fact that it was soon canceled.
